

## The Creator of Lockmaster Maps

Visitors to the Southern Stratford Canal in the vicinity of Dick's Lane (bridge 39) may of late have noticed a new, and for towpath walkers in particular, welcome addition to the canalscape : a seat dedicated to the memory of Doug Smith, kindly donated by his wife Christina.

For those not aware of Doug, and his association with the waterways, the carving on the front of the seat says it all 'The Creator of Lockmaster Maps' . The photo shows the unveiling on July 14th in front of a small group of friends by Christina and Doug's son, Robert. Looking on is Warwickshire branch's longest serving member Philip Ogden.
